

Carolina Eastern – Crocker, LLC

Job Description

Title: Commercial Applicator or Apprentice

Status: Non-Exempt (Hourly)

Area: Local territory based in Pavilion, NY, with destinations throughout Western NY.

Position Summary: Safely and accurately apply Ag crop protection products, fertilizer, and Ag lime at various farm locations. Must maintain current Commercial Pesticide Applicators' license, or willing to acquire, and attend required training and "points" courses. Must adhere to all local, state, and federal rules and regulations. Must keep accurate records and file all reports as required by the NYSDEC. Must have the ability to use application computer equipment and possess the willingness to adapt to changing application technologies, as well as seasonal variations in workload responsibilities. Practice safe handling of equipment and products. Will also work in shop on maintenance and repair of equipment. The employee is also responsible to ensure customer satisfaction and providing customer service. Employee will be responsible for other changing tasks as deemed necessary to conform to an ever-changing industry.

Minimum Qualifications: Employee must possess and maintain a Commercial Pesticide Applicators license or be willing to acquire. Required to attend training and "points" courses to maintain all licenses. The employee must be safety oriented, customer driven and a team player. Must have a clean, safe driving record. NYS CDL A or B license is a plus.

Physical Requirements: Employee should be able endure frequent physical activities such as lifting up to 50 lbs. (occasionally up to 100 lbs.); climbing ladders, trailers and bending. Ability to use personal protective equipment (PPE) when required.

Experience: Pesticide and fertilizer application experience would be beneficial. A strong Agronomy background with practical agricultural experience a plus. Computer skills, strong organizational skills with attention to details, strong communication skills, and the ability to interact positively with customers and co-workers a must. Good math, reading, and comprehension skills necessary.

Education: Minimum high school education, with required licensing courses. Agricultural degree preferred, but not necessary with adequate hands-on experience. Recent college graduates will be considered.

Reporting Relationship: This position reports directly to the Pavilion Manager and works together with other CEC salesmen and dispatch. Will receive daily work assignments from dispatch.

Working Conditions: Must abide by safety rules and wear any safety equipment required for proper and safe handling of Ag crop protection products. Multiple customer locations such as dairy and crop farms, corn meal plant; which all may become dusty environments, varied daily schedule with potential long work hours and some Saturday's.

Success Factors: Consistent personality, dependable nature, ability to adapt to changing customer needs and willingness to learn and accept constructive criticism are necessary.

I have read and understand the above information and am able to perform the above listed responsibilities.
